

## Game 6: Tap, Tap, Tap it in

### Game 6: Tap, Tap, Tap it in

This challenge focuses on improving your ability to hole out well as well as hole mid-range putts. This skill is very important for making par saves and low scoring in general. Your better scoring rounds will be when you hole out well from these distances.

### Rules of the Game

Start from 3ft away from the hole and hole out. If successful move 1ft further away. Keep moving back 1ft until you miss. When you miss you lose a life. You have 5 lives per game. On each new life move to a different hole location. See how far you get from the hole with 5 lives, e.g. by the time all 5 lives are up, you have managed to get as far back as 13ft. Record your personal best for each game
