

Game 8 - Score Card Challenge

Game 8 - Score Card Challenge

This challenge **represents the golf course**. A chance to test your skills are nerve to collect as many points as you can. Do you play safe and knock it in play or do you **gamble** and try and **manipulate** the flight for extra points?

Rules of the Game

Follow the below key to determine which club to use.

270 = Driver (30 Yard Gap)

220 = 5 Wood/Rescue (25 Yards Gap)

165 = 5/6Iron (20 Yard Gap)

135=8/9Iron (15 Yard Gap)

65/30 = Wedges (10 Yard Gap)

For example; 270 means hitting driver. You don't need to hit it 270 yards, it just represents the club to use. Hit your driver the length you normally would.

D = Draw. F = Fade. S = Speed (max drive). L = low. H = High. HD = High Draw. LF= Low Fade

Receive 1 point for shot that pitches within the target gap. Add an extra 1 point for a shot that has the correct shape/trajectory on it. You don't have to opt for this second point, see it as a gamble and risk. You only receive 2 points if the ball pitches in the gap and has the correct shape/trajectory, e.g. 270HD. You have to state that you are intending this shot before execution.

Complete the scorecard below.

Hole	Shot	Point	Shot	Point	Shot	Point	Total
1	270		220D		135F		/5
2	270D		220F		65		/5
3	270F		165D		30		/5
4	270S		165F		135D		/6
5			165L				/2
6	270H		135H				/4
7	270LF		165HD		65 L		/6
8	270		220		30		/3
9			220L		135F		/4
